Grade 7 Database Review

I. VIDEO TITLE: DATABASES KEYWORD STRATEGIES-Length: 3:55

Identify three strategies for choosing keywords:

1. ____________________________________________
   Examples:________________________________________

2. ____________________________________________
   Examples:________________________________________

3. ____________________________________________
   Examples:________________________________________

II. VIDEO TITLE: DATABASE FEATURES-REVIEW Length-5:41

Using the InfoTrac Student Edition database.

1. First, to limit your results to complete articles, select ________________________________

2. Next, use the Sort by ________________________________ feature to reorder your results list so the articles most closely related to your keywords are at the top of the list.

3. Then, use the ________________________________ feature to limit results to a certain type of article.

4. What types of articles can you find in InfoTrac Student Edition database?
